

CORRIGENDUM

This is corrigendum to the captioned Tender No:124/2025-26. The Corrigendum includes changes/modifications/additions as made by the authority with regard to the tender conditions in response to pre-bid queries received from the bidders. This corrigendum is prepared after taking the due approval of the competent authority

This tender may be extended in the future to include integration of CHC (Community Health Centres) and PHC (Primary Health Centres) under AMC MET requirements. All ownership rights, usage rights, customization rights, and administrative control of the software developed or implemented under this tender shall remain solely with AMC MET. The selected vendor/OEM shall ensure complete support for such future integrations without any restriction.

Further, any future modifications, updates, enhancements, patches, bug fixes, new releases, or upgraded versions of the software related to this project shall be provided to AMC MET free of cost during the contract period and support duration, without any development charge.
